1. Introduction

Rewa Engineering College, Rewa (MP) formerly known as Government Engineering College or GEC Rewa, was established by the Govt. of MP in 1964. It is presently an associated college of Rajiv Gandhi Technical University Bhopal, Madhya Pradesh and is approved by the AICTE. REC Rewa is recognized as the pioneer of the engineering education in the Vindhya region and one of the leading institutes in the state of Madhya Pradesh consistently.

The institute was initially affiliated to Awadhesh Pratap Singh University, Rewa, till 2000 after which, it got affiliated to Rajiv Gandhi Proudyogiki Vishwavidyalaya, Bhopal. The institute was at first set up in the present Model science college building, later it was shifted to Government B.Ed College building. In 1972, it was shifted to its present campus spread in about 250 acres. The first batch was started with 120 students in the branches of Civil, Electrical and Mechanical engineering. In 1984, Electronics engineering branch was started with a 20 student intake. From 2018, Computer Science engineering branch has also started in the institute. Currently institute has a total intake of 315 with 63 in each branch.

2. Vision and Mission of Institute

Rewa Engineering College has the following vision and mission:

Vision:

- To develop a centre of academic excellence in technical education providing highly competitive human resource to the society.

Mission:

- To offer under graduate and post graduate programs in various disciplines of technical education.
- To impart quality technical education with effective teaching-learning processes.
- To produce professionals with effective problem solving capabilities, good communication skill and ethical values.
- To provide conducive atmosphere for lifelong learning, innovation and entrepreneurship.

3. Affiliating University

REC, Rewa is affiliated to Rajiv Gandhi Proudyogiki Vishwavidyalaya which was established in the year 1998, by Madhya Pradesh Vidhan Sabha Act 13, 1998. Under its umbrella there are 05 UTD's , 200 affiliated Engineering Colleges, 98 Pharmacy Colleges, 95 MCA Colleges and 04 Architecture Colleges imparting Graduate level instructions running around 17 under graduate level courses, 85 Polytechnic institutions offering diploma courses in emerging and conventional disciplines.

With an extensive presence on the internet, Rajiv Gandhi Technical University has courses which can suit anyone. Courses offered Rajiv Gandhi Technical University offers undergraduate and postgraduate full time and online courses. They specialize in fields like Management, Forensic Science, Fashion, Engineering, Space Sciences, Social Work, Nanotechnology, Communication and Pharmacy.

4. Organizational

5. Programmes offered

Rewa Engineering College, Rewa presently offers both B.E and B. Tech programs in four branches namely, Civil, Mechanical, Electrical and Electronics & Communication departments. Additionally, the college has started B. Tech program in Computer science and engineering department from the academic year 2018-2019.

6. Information regarding NBA Accreditation

REC, Rewa is committed and following the practices as per the norms stated by NBA. All the four departments which were eligible for accreditation namely Civil, Mechanical, Electrical and Electronics & Communication departments in the institute have completed their self-assessment report (SAR) and have uploaded the same for the accreditation process.

7. Departments Profile with Infrastructure and Facilities

7.1 Department of Electrical Engineering

Vision

- To prepare Electrical Engineering professionals, innovators and entrepreneurs with the effective technical and interactive skills to meet the dynamic industrial needs and contribute to green energy and societal empowerment having professional ethics.

Mission

- To evolve as a centre of excellence in Electrical Engineering by incorporating creative teaching learning process to impart quality in technical education along with the problem solving skill.
- The department will make the best effort to promote the intellectual, ethical and technological environment to the student.
- The department invokes the desire and ability of life-long learning in the students for pursuing better career in their chosen fields.

5	Electronics / Control Lab	140.19
6	Measurement & Instrumentation	168.51
7	Computer Center/ Micro Processor Lab	121.16

7.2 Department of Civil Engineering

Vision

- To build up a Centre of academic excellence by shaping and bringing out competent graduates possessing demand driven technical skills with ethical values.

Mission

- To facilitate the department with recent technologies for teaching and learning processes.
- To equip engineering graduates with fundamental engineering knowledge, technical skills and inquisitive attitude.
- To produce professionals having team spirit and ability for providing technological solutions to field problems.
- To make the students determined for their social responsibilities towards society.

In the civil engineering department we have following laboratories:

7.3 Department of Mechanical Engineering

Vision

- To become the centre of excellence in mechanical engineering discipline for producing competent graduates for the society and industry with effective problem solving capabilities, good communication and interpersonal skills with positive attitude for productivity, creativity and entrepreneurship.

Mission

- To provide practically and theoretically balanced domain knowledge for producing industry ready graduates.
- To support the students in inculcating communication, interpersonal, computational and managerial skills.
- To develop the culture of innovation, creativity and entrepreneurship.

7.4 Department of Electronics and communication Engineering

Vision

- To become the centre of academic excellence for producing engineering graduates who are industry competent and are entrepreneurs in the field of electronics and communication engineering.

Mission

- To impart quality education through effective teaching-learning techniques.
- To make the students industry competent by integrating class room learning with well-equipped laboratory experiences.
- Enrich students with effective communication and personal development skills.
- Providing the environment of research to young minds for continuous learning.

Note:

- Students are required to strictly adhere to attendance criterion of University (75%) failing which they will not be permitted to appear in the examinations. List of students having short attendance will be displayed on the website in every 15 days a month.
- During Mid semester Examination, classes in the remaining periods will be conducted as per schedule.
- Depending upon monthly progress of syllabus extra classes would be organized by department during official holidays.
- III sessional examination is optional. Students intending to appear in the III sessional exam will contact their respective HODs for the examination.
- * Winter vacation applicable for students only.
- * 1st Semester Mid Term will be held in last week of September after Enrollment of students.

9. Central Facilities

9.1 Central Library

The central library at REC, Rewa at present has a total book count of 60,668 together with 157 online books and subscription to 198 online journals. Across 1000 students are being facilitated by college library. Under the library campus there is one counter for reserved students and another one for unreserved students, where students are allowed to do book transactions since from 10:30 A.M. to 5 P.M.

Library has been completely automated. Lecture CDs of IIT professors are available here, which is being displayed to students by the help of projector where students completely enjoy this facility.

Library also provides book facility to official employees of college. Library reading room has a sitting capacity of 50 students

9.2 E-Library

College E-Library has been established at November 2014, where 131 e-books can be read on computer. A separate room has been organized for E-Library. It consists of 10 computers where students can read e-books as per their requirement. E-book facility is also available in entire college campus.

E-books can be read anywhere inside the library campus through any department. Library is also having 275 online e-book reading facility.

9.3 Sports Facility

Ample facilities for outdoor sports and indoor sports like cricket, football, volley ball, Table Tanis and Badminton are available which help the students for their overall development. At present we are having following outdoor sports facility:

- Football Field
- Cricket Field
- Kabaddi Field
- Kho-Kho Field
- Volleyball Field

Our College students have won several medals at university level and some of them have also played at National Level.

9.4 Hostels:

Rewa Engineering College, Rewa was established in 1964. Boys and Girls Hostels were also constructed with the start of this College. At present, we have two Boys Hostels, one old Boys Hostel and one New Boys Hostel. Likewise, we have two Girls Hostels, one old Girls Hostel and one New Girls Hostel. Hostels capacity and other details are shown in the following table.

9.5 Centre of excellence:

Rewa Engineering College, Rewa has established a centre of excellence for Microsoft Technologies with collaboration from Microsoft Corporation as per the declaration of honourable Chief Minister of Madhya Pradesh. In this context, the software training programmes were started from July 2012.

This initiative was financially supported by Information Technology Department of Madhya Pradesh in order to enhance the employability of graduating students by imparting cutting edge training on latest Microsoft Technologies like .NET, Windows Server Administration, Windows and Web based Application development etc.

The Rewa Engineering College has acquired an active subscription of Microsoft IT Academy and all the necessary software from Microsoft. The registration for the software training programs can be done by filling the registration form available at the centre.

In addition to this, the centre also runs few computer training programmes under Skill development Initiative Scheme of Government of India.

9.6 Design Centre

The institute has recently developed a design centre in the institute. It has 30 workstations with advance computation facility for students and faculty members. In the design centre we also have software from Bentley and CATIA which are being used in research and industries to make our students ready for the challenges of the industries.

Figure 8 Design Centre at REC Rewa

9.7 Smart Class Rooms

The class rooms of our institute are equipped with the requirement of today's teaching learning era. Almost all our classrooms are equipped with projectors and screens. Few classrooms in each department are having facility for smart boards which helps in improving the teaching learning experience.

10. Student strength

In REC, Rewa the sanctioned intake in each branch is 60 students. In each branch actual admitted students are categorised based on gender and category and are presented in the Table 5 below:

INDEPENDENT AUDITOR'S REPORT

To the Members

Rewa Engineering College (Autonomous)

Grant Fund

University Road Rewa (MP)

Report on the Financial Statements

We have audited the accompanying financial statements of **Rewa Engineering College (Autonomous) Grant Fund Rewa (M.P.)** which comprise the Balance Sheet, Statement income & Expenditure and the Receipts & Payments Accounts (Standalone) for the year ended March 31, 2019.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, of the Society in accordance with the Accounting Standards. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Society preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.
